

# EURO JACKPOT

**International game of chance** in which 18 countries participate (Czech Republic, Denmark, Estonia, Finland, Croatia, Iceland, Italy, Latvia, Lithuania, Hungary, the Netherlands, Norway, Germany, Poland, Slovakia, Slovenia, Spain, Sweden), with more than 300 million inhabitants and 33 lottery organizations.

In Eurojackpot, the goal is to match all seven drawn numbers (five numbers out of 50 and two numbers out of 10) in one combination. With a little bit of luck, you win something even if you match two numbers from the big drum of 50 numbers and one number from the small drum of 10 numbers, and if you match all seven numbers - you win the Eurojackpot! In addition to the Eurojackpot, it is possible to play an additional Joker game.

**The deadline for participating** in the Eurojackpot is until 6.30 p.m. on the day of the draw, i.e. on Friday.

**The price of one combination** is 15 HRK (1,99 €). The price of the additional Joker game is 5 HRK (0,66 €).
